

## ASIM RAZA

**Contact No:** +40741248556

**Email address:** [asimraza1245@gmail.com](mailto:asimraza1245@gmail.com)

**Address:** Walter-Rathenau-Straße 55, VS-Schwenningen 78054, GERMANY.

### ABOUT ME

---

Dynamic results-oriented professional with vast experience in maintenance, production & operations strategy, exceptional leadership and problem-solving skills, and a proven record of performance under stress for bringing together a team to generate results.

### EDUCATION AND TRAINING

---

- **International Semester** through **Erasmus+** at **DHBW University** [03/09/2025 – Current]  
**Address:** Friedrich-Ebert-Str. 30, 78054 Villingen-Schwenningen (GERMANY).  
**Website:** <https://www.dhbw-vs.de/>
- **MS (Engineering Management)** from **POLITENICA University Bucuresti** [04/11/2024 – Current]  
**Address:** Spl Independentei 313, Sector 6, Cod postal 060042, Bucuresti, (ROMANIA).  
**Website:** <https://upb.ro/>
- **BS (Aircraft Maintenance Engineering Technology)** from **UMT Lahore** [05/07/2017 – 11/02/2023]  
**Address:** C 2 block, Phase 1 Johar Town, 54770 Lahore (PAKISTAN)  
**Website:** <https://www.umat.edu.pk>
- **BA (Sociology)** from **Allama Iqbal Open University Islamabad** [10/08/2009 – 24/09/2016]  
**Address:** 2 Ashfaq Ahmed road Sector H 8/2, 44000 Islamabad (PAKISTAN)  
**Website:** [www.aiou.edu.pk](http://www.aiou.edu.pk)
- **Diploma of Associate Engineer (Mechanical)** from **GCT Sargodha** [08/07/2004 – 20/06/2008]  
**Address:** Pakistan Air Force (PAF) road, Sargodha (PAKISTAN)

### PROJECTS

---

- **Assist in various aerospace and strategic projects**  
During service at Pakistan Space & Upper Atmosphere Research Commission (SUPARCO).
- **Mock-up of Aircraft (Fly by Cable Control mechanism)**  
Design and development of fly by cable control mechanism project completed during graduation.

### HONOURS AND AWARDS

---

- **Distinguish Service Award** from SUPARCO [06/08/2018]  
Awarded in recognition of matrimonius contributions during design and development of PakTES-1A satellite.
- **Commendation Certificate** from SUPARCO [30/05/2018]  
Certificate awarded for successful and cost-effective up gradation of Stress screening system.

## WORK EXPERIENCE

---

**Mechanic at BMW Efficient Services** [07/11/2025 – Current]

**Country:** Romania

- Maintenance, repairs, overhauls and troubleshooting of BMW cars including all series.

**Aviation Technician at Sialkot International Airport** [05/03/2024 – 31-10-2024]

**Country:** Pakistan

- Electrical, electronic & mechanical fault rectification of piston, petrol and diesel engines.
- Perform LINE maintenance activities including checks, headset, and marshalling of aircrafts.
- Maintenance & repair of GPUs, bridges, towing tug, push back tractors, air-conditioning units, buses, cranes, unit load device including MDL & LDL as well as other GSEs.

**Safety Officer – A&P Mechanic at AeroRec Aircraft Dismantling** [18/09/2023 – 03/02/2024] **Country:** UAE

- Assist the licence AME in performing the maintenance tasks on aircraft.
- Recycling and restoration as well as refuelling and defueling of aircrafts.
- Dismantling of aircraft airframe, power plant, cabin, structures, landing gear, wheels and brake system.

**Branch Manager Operations at ZEROMETER Cars** [01/07/2022 – 10/10/2023]

**Country:** Pakistan

- Formulate & implement company policies & plan use of human resources/materials.
- Plan, oversee & coordinate daily operations including repairs and detailing tasks of vehicles.

**Junior Aerospace Engineer at TECHNOCRAFTS** [01/08/2020 – 30/01/2022]

**Country:** Pakistan

- Design & static analysis, including production and maintenance of multiple large-scaled UAVs/drones, paragliders and light-sports aircrafts both military and commercial.

**Aerospace Technician at Pakistan Space & Upper Atmosphere Research Commission** [30/01/2013 – 17/06/2022]

**Country:** Pakistan

- Design & analysis including production and maintenance of satellites, Ultra-light aircraft, UAVs, & drones.
- System, subsystem & unit level assembly, integration & testing of various aerospace components.
- X-ray, borescope, vibration, shock thermal, humidity, vacuum and antenna testing in 100,000 class of cleanroom environment.

**Aircraft Technician at Hybrid Aviation Walton Airport** [07/08/2019 – 07/08/2021]

**Country:** Pakistan

- Aircraft LINE and BASE maintenance activities and related AIRWORTHINESS documentations.
- Perform checks and repair of airframe, landing gear, wheels and brakes, cabin, and ground support equipment's.

## SKILLS

---

- Aircraft Maintenance Systems (LINE & BASE) & Ground Support Equipment (GSE) Maintenance
- Avionics Systems Troubleshooting & UAV/Drone Design, Testing & Operations
- CAD/CAE Tools (e.g., AutoCAD, CATIA, SolidWorks, ANSYS)
- Predictive & Preventive Maintenance & Quality Assurance & Airworthiness Compliance
- Safety Management Systems (SMS) & Reliability & Stress Analysis & Non-Destructive Testing (NDT)
- Lean Manufacturing / Six Sigma awareness & Risk Assessment & Mitigation
- Strategic Operations Management & Budgeting & Cost Control
- Vendor & Stakeholder Management & Change Management

## DRIVING LICENCE:

---

B1, B, AM, & A1 from ROMANIA
