WORK EXPERIENCE

Senior Field Service Engineer

Switch International Bowling Equipment's
(www.switchbowling.com)

Januar 2022-

I am responsible from software and hardware part of the bowling system. I organize customer visits and I provide on-site service, installation and training. I have been to around 15 countries and many cities in Türkiye for service, training and installation.

I am also experienced about Microsoft Office, Windows, computer hardware, IP phones, and printers. I provide support and training on these issues.

Technical Support Engineer & SQL Developer

Spartakus Software (www.spartakus.com.tr)

2021-2022

Technical Support, SQL and PL/SQL development.

I worked on software development and technical support for 6 months in this company that sells and supports ERP software.

Electrical Electronic Engineer Intern

SGM Electric (<https://www.sgmelektrik.com.tr>)

2018-2021

While I was studying at university, I worked here as an engineer intern during the summer holidays. I generally worked in the field, Distribution board design and installation, solar panel and generator installation.
