

CURRICULUM VITAE

YUSUF SOLEHUDIN

Place and date of birth : Indramayu, April 20,1975.
Nationality : Indonesia
Sex, Blood type height and weight : Male, B, 168 cm and 65 kgs.
Marital status : Marriage with 4 child and 4 foster child
Religion : Moslem
Email : yusufsolehudin@yahoo.com
Phone : 081320420475
Passport : C 8946039 Validation on 07 April 2027
Bosiet or BST : 2021
Education : Technical High School

EXPERTISE SKILLS

MECHANIC :

Responsible for Inspection, Maintenance, Repair, Overhaul, Function test and Load test.

- ✓ The Positive pump, Centrifugal pump, Mud pump, Fire pump, Pneumatic pump, hydraulic pump, Pneumatic chemical injection pump.
- ✓ The Hydraulic Power pack unit, Hydraulic motor, Hydraulic control valve, Hydraulic boom cylinder.
- ✓ The Winch (Gearmatic) 11 SEC, 23 SEC, Braden Winch PD 12 series, PD 15 series, CH 125, CH 150, CH 175 and CH 210 and C2H 210, PLIMSOLL Anchor Winch 80 Ton
- ✓ Overhead Crane SWL 10 to 15 ton, Chain hoist Cap 0.75 to 20 Ton, wire rope hoist Cap 1,6 to 3.2 Ton.
- ✓ The Engine : CATERPILAR ENGINE D 3304, D 3306, D 3606, LISTER engine 3 Cylinder, WAUKESHA 6 Cylinder.
- ✓ Maintain and Inspection for the Personal transfer capsule the FROG unit and TORO unit.
- ✓ Maintain, repair and serviced on the Pipe lay barge equipment: Line-up, conveyor, long endo Conveyor, the Tensioner, stinger, main generator, emergency Generator, AHU room, rescue boat, crane barge 250 ton and 150 ton, Hydraulic Power Unit, Water maker unit, fire pump, bilge pump, GS and Fire rump, Hydrosphere pump, sea water cooling pump, Strainer and sea chest.

OPERATOR for equipment:

- ✓ **Truck driver** : Dump truck, Truck trailer, mobile Crane Sumitomo Capacity 70 Ton.
- ✓ **Fire Operator** : Fire Truck, Dry Powder Fire Truck, Fire pump.
- ✓ **Crane Operator** : Rough Terrain Crane KATO 25 Ton and 13 Ton, Tower Crane cap 12 ton, Pedestal crane Allied Marine Cranes Model DTH 70-70S, American Aero OM 455, FMC Link Belt Model API - 100 FMC Corporation, ROTO 15 AND 30 TON Houston systems Manufacture.
- ✓ **Oil and Gas Operator** : Wells and well test unit, Coalescer Separator, Production separator, Glycol Gas Dehydration System, Therminol and gas burner system, Pigging, chemical injection pump, Wemco, Sumpile process, Main pump, Booster pump, Operator Turbine gas compressor, Operator Well and plant, Operator oil and gas control room with SCADA system and DCS system.
- ✓ **Hydro Test Operator** : for project on Hydro test on Pipeline, valve, fitting, Separator (vessel)
- ✓ **Machinist** : Metal Lathe Machine.

WAREHOUSEMAN :

- ✓ Reporting using program the Maximo, Oracle system and Az Zahir Accounting and inventory System.
- ✓ Reporting, Inventory, identification and monitoring Critical part, consumable materials, Stock materials of Crane part, Pipe, Valve and fittings.
- ✓ Identification the fitting connection, hydraulic hose.
- ✓ Expertise with lifting and rigging equipment. Maintain and inspection **RIGGING GEARS** as per regulation

SUPPORT TEAM AND SPAREPART:

- ✓ Eletrician, ETO and rewinding personel
- ✓ Rigger, Welder and Fitter personel
- ✓ Hydraulic part, Hydraulic Hose, Hydraulic Pump Hydraulic Motor, seals, Oring.
- ✓ Bearing Specialist
- ✓ Sparepart engine, electrical part, Instrument part

PROFESSION CARRER SUMMARY

No	Position	Responsible / Project	Client / Company	Location	Period
1	AKGEAR FREELANCE	<p>Project the General Overhaul on the Luffing winch of Crane HXOC3150-80t-13m.</p> <ul style="list-style-type: none"> ✓ The winch was repaired by the internal mechanic, but unsuccessful due to case Slum case ✓ Dismantle the Luffing Winch for collect data inner part and inspection for damage Part ✓ Repair the pinion shaft, Shaft of Brake Assy, Shaft Drive of Planetary ✓ Request Materials for the consumable part and recondition the Critical part ✓ Discard the Bearings, the seal, the O-ring, Friction disc and brake Disc. ✓ Upgrade the Spring of brake System ✓ Alignment the Winch ✓ Reassembling luffing winch with new part. ✓ Put the pressure the low supply pressure as per manual book. ✓ Make Report General Overhaul ✓ Performed Function test with using 4 anchor for load test crane on 26 tons, Result Ok ✓ Finally performing load test on 35 ton load test was lowest angle according to the operation with good results, recommendation by the legal testing company from PT PHM Kal-Tim. 	PT PMPI, operator by PT Elnusa Trans Samudera,	Crane Barge AWB Paradigma Perkasa Banyu Mati - Pertamina Hulu Mahakam Kalimantan East	July 2022,
2	AKGEAR FREELANCE	<p>Project the Stuck of Boom Crane on AWB PARADIGMA PERKASA, the problematic cannot to be raised or lowered until the Boom Crane for to the Boom rest. Responsible for effect badly incase accident on agreement captain and myself.</p> <ul style="list-style-type: none"> ✓ Crane HXOC3150-80t-13m. ✓ Make stopper the boom winch. ✓ Repair the Brake system of Luffing winch. ✓ Star up for lowering the boom until to Boom Rest. ✓ Give to recommendation letters for perform General overhaul on the Luffing winch, Repair the Hydraulic motor and trouble shooting on brake Hydraulic control system 	PT PMPI, operator by PT Elnusa Trans Samudera,	Banyu Mati - PHMKal-Tim	June 2022,
3	FREELANCE	<p>Puzzle Project the Refurbishment progress on the 12.5 ton GROVE Crane,</p> <ul style="list-style-type: none"> ✓ Repair Main pump, pilot pump ✓ Repair the Transmission gearbox assy ✓ Repair the Swing drive assy ✓ Repair the Main winch assy ✓ Repair the Luffing cylinder ✓ Repair the 2 unit Suspension Cylinder ✓ Repair the Front axle and Rear Axle ✓ Repair the Brake system on the axle ✓ Repair the Control valves ✓ Repair the power steering system ✓ Repair the power brake system. ✓ progress of refurbishment stop on 70%. with defect due to lose the all hydraulic hoses, master brake, installation tube brake and wire hardness and indicators panel. 	PT Energy Duta Perkasa	Yard of PT Bumi Apit Persada at Prabumulih – Palembang.	Mar –June 2022

No	Position	Responsible / Project	Client / Company	Location	Period
4	FREELANCE	<ul style="list-style-type: none"> ✓ Supported ETO team ✓ Troubleshooting on Synchronize system of power generator on Supply Boat Indoliziz satu. 	Indoliziz satu	Indoliziz satu	Nov 2021
5	FREELANCE	<p>Project the problematic the crane P&H Kobelco 5035 on the Floating Barge, Downtime 3 month cannot operate and already repair by 11 person mechanic for troubleshoot on the crane, but un-success.</p> <ul style="list-style-type: none"> ✓ Repair the Hydraulic Pump ✓ Repair The Pilot Pump ✓ Troubleshooting on the Hydraulic Control Valve. ✓ Success that in 2 working days, the crane could stand on the ground from the barge. 	owner by Mr. Edwin	Batanghari II- Jambi.	Nov 2021
6	FREELANCE	<p>Project the Normally operate on Crane Hitachi 250 Ton</p> <ul style="list-style-type: none"> ✓ Repair the Main Hydraulic Pump ✓ After Crane for to Operate, and service to operation. ✓ Inspection crane, and give to the Inspection report and recommendation highlight for repair all safety device system. 	PT Indonesia Reconstruction Engineering	PT Transcon Burnindo Resource location at Morowali.	Sept 2021
7	FREELANCE	<p>Project the Refurbishment until to commissioning of 2 units of the 25 TON Herkules Crane at KM Surya Pesona</p> <ul style="list-style-type: none"> ✓ Rewinding 4 unit Electric motor 55KW. ✓ Renewal Inner part of 4 unit Main pump. ✓ Renewal Inner Part of 2 unit of Hydraulic motor of aux winch. ✓ Renewal Inner Part of 2 unit of Hydraulic motor of Main winch. ✓ Inspection and Renewal e the brake system part, bearing and seals. ✓ Change out the oil hydraulic with new oil and filters ✓ Change out the Solenoid Valve with new part. ✓ Recondition the power panel electrical. ✓ Repair the Electrical Swivel. ✓ Repair the Hydraulic Swivel. ✓ Repair the panel control on the cabin and renewal the wire hardness. ✓ Repair the Joystick. ✓ Installed the cabin glass. ✓ Renewal the Load Moment Indicator, recalibration and load test (Dec 2021) ✓ Commissioning. 	PT Sarana Bahtera Irtja	Gresik - Surabaya	April – Jun 2021
8	AKGEAR FREELANCE	<p>Project of troubleshoot problematic on the 100 ton IHI Crane, which some mechanics did un-succeed to be repair</p> <ul style="list-style-type: none"> ✓ Trouble Shooting on pilot control valve. ✓ Trouble shooting on Electrical control system and Wire hardness ✓ Trouble shooting on Supply low pressure. ✓ Trouble shooting on Supply low pressure on Main Hydraulic pump. ✓ Repair The Brake seal on Main Winch. ✓ Job Problematic done at 28 working days 	PT Modern Widya Technical	Yard of PT Modern Widya Technical, Handli- Kal-Tim	Feb 2021

No	Position	Responsible / Project	Client / Company	Location	Period
9	FREELANCE	<ul style="list-style-type: none"> ✓ Repair the 5 HP Powerpack Unit. ✓ Install to unit and function test. 	CV. Mitra Maju Bersama	Workshop	Dec 2020
10	FREELANCE	<ul style="list-style-type: none"> ✓ Sales the 15 Hp hydraulic powerpack unit complete with Boom Cylinder for Capacity 200 Ton. ✓ Support for Fabrication and Installation the machine press. 	Mr. Santoso	Bogor	Nov 2020
11	FREELANCE	<p>Repair and Supply materials</p> <ul style="list-style-type: none"> ✓ Repair The Hydraulic Pump A7V.117.LW.1RZFD Hydromatic. Done in 2 working days. ✓ Supply 2 unit LOWARA pump 10HM04S15T5RVBE, 	Hafar Daya Samudera	Workshop and sent To Cirebon	Nov 2020
12	FREELANCE	<p>Project of troubleshoot problematic on hydraulic motor breaks.</p> <ul style="list-style-type: none"> ✓ Diagnose and repair the hydraulic Low supply system. ✓ Repair the Hydraulic motor. ✓ Performed function test and load test until to commissioning crane. 	PT LUASLINE	Kandhaga Nusantara 9	Feb 2020
13	FREELANCE	<ul style="list-style-type: none"> ✓ Repair the Steering Boat KM GIAT JAYA due to leakage. Done, working hour in 2 hours 	KM GIAT JAYA	EKANURI Jakarta.	Jan 2020
14	AKGEAR FREELANCE	<p>Project the Installation the new 5 ton knuckle crane on the AHTS Logindo Overcomer, owned by PT Logindo SamudraMakmur Tbk.(2020)</p> <ul style="list-style-type: none"> ✓ Prepared the materials for Skid as per Engineering drawing. ✓ Fabrication the Skid for Crane, NDT inspection. ✓ Installation the Knuckle Ferrari Crane on the skid complete with hydraulic powerpack. ✓ Performed Load test and Commissioning. ✓ Rental Hydraulic Powerpack 	PT Logindo Samudramakmur Tbk.	AHTS Logindo Overcomer	Oct-Dec 2019
15	FREELANCE	<p>Project with Client PT Triton Global Marindo, on the Duta Seven Crane Brage, Star Onyx Barge Crane and Tanjung Lesung Barge</p> <ul style="list-style-type: none"> ✓ Diagnosed and Troubleshooting on the Swing system on crane America 100 ton on Duta Seven Crane Barge. Repair the Joystick Swing for temporary operation and provide the new part joystick. Installed the new Joystick after materials on hands. ✓ Inspection, Preparation, and repair the Crane SCM 80 ton on Crane Barge Start Onyx before start project. Inspection on performance the Main engine dan Main pump and Pilot Pump. Installed the Power supply for Lighting, repair the Joystick left and right hand, Re-sealing The brake system on Main Winch, Aux Winch, Luffing Winch and Swing motor. Recalibration the LMI on crane. March 2021 ✓ Reset Downtime the Hire Star Onyx Crane Barge due to Crane malfunction on swing and leakage seal brake of aux winch. Done the JWO troubleshoot and repair in 1 working day. Model Crane SCM 80 Ton. Location: Area Pertamina PHE-OSES, July 2021. ✓ Inspection, Preparation, and repair the Crane SCM 125 ton on Crane BargeTanjung Lesung before start project. Inspection on performance the Main engine dan Main pump and Pilot Pump. Recalibration the MIPEG SLI on crane, Feb 2021 	PT Triton Global Marindo	Nort West Java and Banten	2021

No	Position	Responsible / Project	Client / Company	Location	Period
16	FREELANCE	Freelance Technician <ul style="list-style-type: none"> ✓ Troubleshooting swing motor and repair The Luffing Cylinder on Crane 2 Ton ✓ Progress Re-sealing Luffing Cylinder, Un-success due to Stuck the pin on Crane 5 ton ✓ Refurbishment / Repair the Air Driven Liquid Pump for Injector pump test, Capacity 250 Bar. Done Job in 3 day. 	PT Caraka Tirta Pratama	Queen Protocol Tanker	Oct 2019 , Feb, Mar 2020
17	Local Organization	<ul style="list-style-type: none"> ✓ Propose to founder for development of the Sewage Threatment plant ✓ Development the Sewage treatment Plant (STP) for resident facilities with dimension 5 x 12 x 3 meters at Desa Permana RT 02 RW 06, Citeureup, Cimahi Utara. 	Founder and Local government	Cimahi	April 2018- Feb 2019
18	FREELANCE	Project Service for Subsea department of Pertamina HULU Energy ONWJ. <ul style="list-style-type: none"> ✓ Fabricated Fabrication 18 pcs Clamp pipe various size. Completed job with NTD, MPI, sand blasting, painting as per Offshore spesication, FAT Pressure Test performance, WPS and Fabrication Manufacture Data report. Done Job, 20working days. (2017) ✓ Fabricated Fabrication 36 pcs Clamp pipe various size. Completed job with NTD, MPI, sand blasting, painting as per Offshore spesication, FAT Pressure Test performance, WPS and Fabrication Manufacture Data report. Done Job, 20working days. (2018) ✓ Witness Laying the Tube HDPE for pipe replacement (Hire By Titis Sampoerna), team work by Hafar Daya Samudera. Using the AHTS. Endeavour boat. Troubleshooting knuckle crane due to Regulator main pump has Malfunction. Supervised for lifting operation and process lay down process the anchor pulling head. Starting the Operation the Tensioner laying pipe of HDPE Flexy pipe for subsea carbon steel pipe replacemen.(Dec 2017) 	Sub-Sea Department of PHE ONWJ	Workshop Fabrication	2017 - 2018
19	FREELANCE	Project Service, Repair and Fabrication for Inner Boring Department of PT WIKA BETON (2017- 2018) <ul style="list-style-type: none"> ✓ Repair and recondition on 3 unit off the Auger heavy equipment ✓ Fabrication the cement mixer unit complete with automation pneumatic and PLC program. ✓ Fabrication 3 lengths the Auger extension pipe. ✓ Fabrication 2 lengths the Auger spiral pipe. ✓ General Overhaul Crane engine the Crawler crane Sumitomo 150 ton model engine Mitsubishi 6D22 and Main Pump. ✓ Repair the Swing bearing KATO SR250, Roballo 62MNR1361.81/315. Dismantling, repair and Reassembly and Load Test. Done WO: 12 working days at WIKA BETON MAKASAR ✓ Performed general Overhaul Excavator SH210 engine 4HK1 common rail, Client WIKA Beton, Location Project TOL Sumedang. ✓ Supply Rigging gear for WIKA Beton. Location: Project PLTU Ujungnegoro Batang. ✓ General Overhaul Crane engine the Crawler crane kobelco 7080 ton model engine Misubishih 6D22 and Main Pump, and repair wire hardnes 	Inner Boring Department of PT WIKA BETON	Workshop Fabrication and Field project	2017- 2018

No	Position	Responsible / Project	Company / Client /	Location	Period
20	Branch head of Cement HIPPO	<ul style="list-style-type: none"> ✓ Directing all operation aspect, including distribution materials, customer service, Human resource, administration and sales in accordance as per the client company objectives, developing forecasts, and Buisness plant. ✓ Expansion market Purwakarta, Subang and Sumedang 	PT Farindo Jaya Perkasa	Purwakarta Subang, Sumedang	2016
21	FREELANCE	<ul style="list-style-type: none"> ✓ Shipment the Kobelco Crane 250 ton From Jakarta To Manukwari for dragging project. ✓ Dismantle the crane, trucking from Yard to Tanjung priok port Loading to Barge, Re-assembly / Erection Crane and function Test. 	Mr. Adi Sucipto	Jakarta Manukwari	2016
22	Mill Warehouse Specialist	<ul style="list-style-type: none"> ✓ Preparation Manpower for document, legalities letter, Passport, Visa, Vaccine Yellow fever and Arrange dispatching 103 personnel manpower for flight from Jakarta until to Monrovia port. ✓ Arrange Shipment cargo materials from Johor Port to Greenville Port. ✓ Arrange trucking cargo Materials from Greenville port to Tarjuowon site. ✓ Arranged to local person for assist in Warehouse department, Maintenance department, Civil department, Heavy Equipment Department, Crusher team, Pilling team. ✓ To operate crane, and managerial PMS, repair and troubleshooting on the heavy equipment such as Crane, bulldozers, wheel loaders, excavators, mixer truck, dump truck and generators. 	Grand Erchant Liberia Limited Golden Veroleum Liberia and Modical Engineering SDN BHD	Liberia, West Africa	2015 – 2016
23	My Innovation for Environment	<ul style="list-style-type: none"> ✓ At my Village have there is a urgent waste management. Me and My uncle created a burning-based garbage disposal tool. In line time with the process of eliminating waste, I created an incinerator to reduce air pollution. As a result of this waste destruction burner, the Cirebon local government asked for more product to be applied in the Cirebon area. ✓ www.radarcirebon.com/2017/03/26/desa-punya-alat-pemusnah-sampah/ ✓ https://youtu.be/cCUBoaUGOOE 	My Innovation	Desa Parapatan – Sumberlaya Malalangka	2015
24	Mechanic	<p>Preventive Maintenance Operation Agging</p> <ul style="list-style-type: none"> ✓ Closing 2 Job work order for clean up the exchanger ✓ Closing 1 Job work order reassembling and alignment of transfer pump ✓ Closing 1 Job work order Replaced the Ballast Valve complete with actuator 	Engineering Utama	FPSO Belanak Conoco Phillips Sarku	Dec 2013 – Feb 2014
25	Chief Mechanic	<ul style="list-style-type: none"> ✓ Preparation data of part and Component the Barge. ✓ Compare and Inventory stock materials and part on warehouse storage. ✓ Inventory management warehouse for Separate component as per Critical Part, Consumable part, tools and special tools. And request materials as per minimum stock. ✓ Inspection, diagnose and Function test the all equipment on the Pipelay barge before start project. ✓ Monitoring Preventive Maintenance system, performed daily inspection check list. ✓ Preparation for maintenance or repair equipment without Lose time or Downtime. ✓ Make sure all activity for safely, Secure and under control. 	SIGUR ROS BHD SDN, Malaysia PT SIGUR ROS Indonesia	PHE ONWJ, Batam Port and Johor port	2012 – 2013

No	Position	Responsible / Project	Client / Company	Location	Period
26	Workshop and Warehouse Supervisor / Coordinator	<ul style="list-style-type: none"> ✓ Reporting using program the Maximo, Oracle system and Az Zahir Accounting and inventory System. Prepare Materials Transfer as per request and Correction for receive materials, Put tag code or barcode, arrange materials Raw as per nama, spek, group. ✓ Performed QA/QC for receiving materials of PO must be match with Request Materials from Field or catalog / manual book, OEM genuine, COC and warranty letters from suppliers. Inventory material as per Purchase order, identification and monitoring Critical part, consumable materials, Stock materials of Crane part, Pipe, Valve and fittings. ✓ Identification hydraulic hose as per connecting and working pressure. ✓ Manage regulation inspection rigging gears for 12 Station as per color code regulation PHE-ONWJ. ✓ Monitoring Preventive Maintenance System, preparation team and materials requirement. ✓ Coordination with Coordinator Engineering for special order materials or special tools, before dispatching team technician on going to field. ✓ Mapping part, making timeline, support technician and report identification for progress repair, inspection, overhaul part crane on workshop. ✓ Inspection and load test on the Frog Personal Transfer Capsule, Reflex Marine product. And Manage to rotation the inspection the 18 unit frog as per expire date regulation. ✓ Performed load test, report Inspection and certification for equipment that has been repaired and finish test bench, such as Main Winch, Aux Winch, Boom winch, main pump, Aux pump, Charging pump, Accumulator, Hydraulic control valve, Etc 	PT AMEC Berca Indonesia Joint Venture with Sparrows (2004 – 2010) PT Encona Inti Industri Joint Venture with Handal Crane SDN BHD and PT Cakra Daya Energy (2010-2011)	BP Indonesia on Offshore North West Java	2004 – 2011
26	Well and Plant Operator II / Production Operation Service	<ul style="list-style-type: none"> ✓ Operate Operates valves on the wellhead and associated oil and gas facilities, operate Wells and well test unit, Coalescer Separator, Production separator, Glycol Gas Dehydration System, Therminol and gas burner system, Pigging, chemical injection pump, Wemco, Sumpile process, Main pump, Booster pump, Operator Turbine gas compressor, Operator Well and plant, Operator oil and gas control room with SCADA system and DCS system. ✓ Monitor and checks wells operating conditions on site in accordance with set schedules, including taking samples, recording readings, looking for leaks, checking running conditions of equipment and position of valves etc. ✓ Report any major abnormalities to wellhead. Production test and pigging operate. ✓ Manage chemical injection rate, local stock levels and chemical injection report. ✓ Oversees tanker loading and Unloading operation and relevant log sheet and report as per required. 	PT Promosindo Media Tenaga (1999-2003) PT Wood Group Indonesia (2003-2004).	ARCO Indonesia on Offshore North West Java	1999 – 2003
27	Truck Driver	Distribution the Cement for regional West Java, central Java and West Java	PT MITRA RAJASA PERKASA	Cirebon	1998 - 1999

No	Position	Responsible / Project	Client / Company	Location	Period
28	Operator II	Fire, Safety and Environment department ✓ Fireman. ✓ Driver Fire Truck. ✓ Investigator Case ✓ Operator Fire pump. ✓ Operator Oil Boom Spill. ✓ Safetyman ✓ Maintain the Fire extinguisher, Fire Pump, Jockey pump, Fire Hydrant, First aid equipment, etc.	KUSUMA MANDIRI	PERTAMINA UEP III CEMARA	1995 – 1998
29	Clerk / Administration	Administration on Fire and environment Department	CV KARYA ABADI	PERTAMINA UEP III CEMARA	1995 – 1995
30	General Assistant	✓ Repair the Generator, welding machine, Gerinda and Drill machine ✓ Fabricated The conventional dies ✓ Resource materials for competitive price. ✓ Driver	Cipta Hasil Nusantara	Workshop Majalengka	1995
31	Assist Mechanic	✓ Repair the Car and Motorcycle	Wijaya Motor	Workshop Jakarta	1994 – 1995
32	Un-skill Laborer	✓ Manual handling for Offload and Unloading materials		Pasar Kramat Djati	1993-1994

OTHER EDUCATION :

1	2021	Basic Sea Survival, Baron International, Bogor.
2	2017	Basic Safety training, Baronn International, Bogor.
3	2017	Pelatihan Wira Usaha Baru Jawa Barat Angkatan VII, Bandung
4	2016	Basic Safety Training, Seaman Jaya Maritime training center - Cirebon
5	2013	T-BOSIET training on BARON international, Bogor.
6	2013	Basic Sea Survival, Occupational Safety and Health Indonesia, Jakarta
7	2011	ISO 14001:2004 Awareness Training, PERTAMINA HULU ENERGY, Jakarta.
8	2010	SSOW "Performing Authority" Training, PERTAMINA HULU ENERGY, Jakarta.
9	2010	First Aid and CPR Course, IKS Jakarta.
10	2010	Fire Fighting course, IKS Jakarta.
11	2009	Crane Operator training on Ministry manpower and transmigration of the Republic of Indonesia, (directorata general of labour inspection development).
12	2008	Scaffolder training on Ministry manpower and transmigration of the Republic of Indonesia, (directorata general of labour inspection development), ALKON -Jakarta.
13	2007	First Aid and CPR Course, IKS Jakarta.
14	2007	Fire Fighting course, IKS Jakarta.

15	2005	Basic Lifting and Rigging, Amec Berca Indonesia, Jakarta.
16	2004	Crane Operator stage 2 Training, SPARROWS, Jakarta.
17	2004	Familiarization safety course / Basic safety training (first Aid, Fire Fighting, Sea Survival). STIP (Maritime Higher Education) Jakarta .
18	2004	ISO 14001:2004 Awareness Training, Beyond Petroleum Indonesia, Jakarta.
19	2002	Business Meeting and Team Building, PT Cipta Dayakarsa Mulia, Cianjur.
20	2002	Gas lift and wire line operation course, MCP Bandung.
21	2001	Helicopter underwater escape training, Jakarta offshore training Centre, Jakarta.
22	2001	First aid and CPR training, Medical Group Jakarta.
23	2000	Oil spill offshore training, ARCO Indonesia.
24	2000	Water survival taining, Jakarta Offshore Training centre, Jakarta.
25	2000	Crane Operator Training, ARCO Indonesia.
26	2000	Fire fighting training, Jakarta Offshore Training centre, Jakarta.
27	1997	Fire fighting training, PERTAMINA Cepu.
28	1993	Elementary English course, Indramayu.

OTHER INFORMATION:

1. Computer literature : Excel, Words, Microsoft power paint.
2. Driver licensee BII Umum (Truck, Trailer) and licensee C (motorcycle).

End finally, This Curriculum vitae made such an accurate and be accountable. Thanks for your kindness.
Regards

Yusuf Solehudin
