## Work Experience

---

### **Water Technician**

Roto-Rooter Plumbing & Water Cleanup - Vernon, CT  
September 2021 to July 2023

As a water technician our main objective was to get rid of any type of water damage, whether that be sewage from a clogged toilet, fresh water from a burst heater line, or even storm water that'll end up flooding someone's house cause damage to walls, ceilings, floors, etc. at Roto rooter I was able to learn how to go about cutting drywall the proper and neat way. I learned how to pull toilets, sinks, and vanity's, as well as being able to be in a nasty environment. I learned how to use a wide range of tools and was taught the understanding of water and how it is the most powerful thing on earth. The job was also hard work.
