- ❖ Preferably with experience in conducting training for maintenance technicians & crane operators.
- ❖ Knowledge of reading engineering drawings, technical manuals and instructions mechanical equipments like Pumps and its parts, couplings, thruster, gear boxes, compressors, control valves, relief valves, isolation valves, Heat Exchanger, Clarification, Compressor, Air Dryer, Sand filter, Conveyor system and Crane Maintenance.
- ❖ Good communication skills and working knowledge of Microsoft Office.
- ❖ Undergone training in fire fighting system, social responsibilities, personal survival technique and first aid.

**Industrial Exp.: More than 3 Years mechanical technician & diesel engine technician repair and maintainance.**

**VN INDUSTRIES , PVT.,LTD.**

Position as **Mechanical technician/Diesel engine technician.**

Duration: 2012-2015

**Gulf exp.- Al mehraj adhesive & chemical company.**

**Umm al quwain (uae)**

**1 year exp. In mechanical technician/diesel engine technician & supervisor  
2015-2016**

**Gulf exp:- Abbas biljeek & sons**

**BAHRAIN**

**Current working place**

**Mechanical maintenance technician post**

**Working in deutz & Kubota engine technician & carpentry machine technician  
& diesel Engine technician 2016-2018.**

**Devankit power system pvt.ltd. (Delhi) service engineer post.nov 2018 to April 2019.**

**Gulf experience:- Oman dry docks as working on mechanical engineer post.  
4 MONTH shut down  
Fabrication & erection job also (OMAN)**

**Gulf Experience :- M.H AL MAHROOS as senior technician post (maintenance department) Bahrain.**

**Working in deutz engine.  
2021 to 2024 end.**

**Gulf Experience:- Arabian supply company as senior technician post ( Deutz Engine)  
QATAR.**

**Working in Deutz Engine  
2024 to till Date.**

- ❖ **Commissioning, Overhauling, trouble shooting, periodical maintence of all model of deutz engine engine.**

### **TRAINING EXPERIENCE**

**I have done Apprentice in The Oriental Science Apparatus Workshops, Bhilai from feb. 2011 to aug. 2011.**

- ❖ **During apprentice learnt to make the models of by studying Drawings of**
  - **Shaper Machine**
  - **Lathe Machine**
  - **Drilling Machine**
  - **Steam Engine etc.**
- ❖ **Learnt**
  - **Drilling**
  - **Tapping**
  - **Reaming**
  - **Boring**
  - **Counter Sinking**
  - **Filing and Cutter Die.**

## **Involved in operation and maintenance of all types of mechanical fitter works :-**

Working as a junior technician with the Mechanical Maintenance Wing of the Ring Machine Shop, looking after the mechanical maintenance of Ring Manufacturing machines.

Performing following activities :-

- ❖ To check the machine for the trouble reported, with the help of machine operator, analyze the root cause of the trouble, dismantle the machine and rectify the problem.
- ❖ To trouble shoot the various problems connected with hydraulic/ pneumatic operation of the machine and rectify the same.
- ❖ To replace the consumed grinding wheels on various grinding machines after precisely balancing them statically.
- ❖ I am using Precision Spirit Level, Micrometer, Vernier Caliper, Height Gauge, Dial Comparator, Try square & Angle protector etc.
- ❖ I am capable of performing Drilling, Tapping, Reaming, Counter Boring, Counter Sinking, Filing & Hand Hacksaw Cutting operations.

## **Involved Periodic maintenance inspection of the entire Conveyor system for:**

- ❖ Alignment, Sharp edges, Proper Lubrication, Clean belt surfaces, Condition of belt scrapers and belt brushes.
- ❖ Repairs and adjusts conveyor systems, using hand tools Installs belts in machinery, tightens bolts, adjusts tension rolls, straightens parts, aligns rollers, and replaces defective parts.
