Soheib MABROUKI

Results-driven professional with a proven track record in strategic financial leadership, collaborating seamlessly with Project Managers to integrate financial considerations into the overall project management process. As a key member of project teams, I provide invaluable financial analysis, advice, and guidance to facilitate informed decision-making. My dedication to optimizing financial outcomes ensures that projects are not only well-managed but also financially sound. Excels in covering the entire project lifecycle, from acquisition and bidding to execution.
