PROFILE

Recent Business Engineering graduate with a Master's in Supply Chain Management from UCLouvain. Strong foundation in supply chain planning, inventory optimization, and data-driven decision-making. Experienced with AIMMS, Xpress Mosel, Python, and advanced Excel to model complex logistics problems and identify efficiency gains. Motivated to contribute to production flow optimization and strategic planning in a dynamic supply chain environment.

EDUCATION

Master's in Business Engineering – UCLouvain, 2022–2024

- Major Supply Chain Management – Distinctions
- Minor International Finance – Distinctions
- Certification: Supply Chain Management (UCLouvain, edX, 2022)

Bachelor's in Business Engineering – UCLouvain, 2019–2022

SKILLS

Technical: AIMMS, Xpress Mosel, Excel (advanced: pivot tables, data analysis, financial modeling), Word, PowerPoint, Google Suite, ERP (Odoo), Python, R

Soft Skills: Rigorous, organized, problem-solving, critical thinking, teamwork, communication, adaptability, time management

LANGUAGES

French (C2), English (B2), Dutch (A2)

INTERESTS

- **Leadership & Youth Activities:** Scout Leader (2012–2022) – managed groups and organized activities
- **Sports & Outdoor:** Tennis, football, swimming, sliding and wind sports; team-oriented and competitive

WORK EXPERIENCE

Financial Audit Intern – Mazars | Feb–May 2024

- Reformatted client annual financial statements in Excel using pivot tables to standardize data for analysis.
- Created dashboards and PowerPoints with key financial ratios (liquidity, solvency, gearing) and account evolution graphs for senior management.
- Developed strong skills in Excel, financial statement analysis, and discrepancy investigation.

Cold Calling Specialist – AgiDrive | 2024–2025

- Generated B2B leads, negotiated meetings, and coached new team members.
- Achieved high meeting booking rate; named Employee of the Month twice.

Bar Manager & Seller – Bevers & Bevers | 2021–2025

- Managed operations, stock, and staff for high-traffic events, ensuring efficiency and quality service.

ACADEMIC PROJECTS - SUPPLY CHAIN

Glassworks (2022) – Modelling a global logistics network in Excel Solver to optimise the location of factories and distribution centers. Analysis of investment scenarios and their impact on profitability.

Russian Brew (2023) – Built a multi-level production planning model, integrating fermentation, bottling, and transport constraints; identified bottlenecks and proposed improvements.

IBA Project (2023) – Real-world supply chain planning for large-scale, custom machinery; developed Gantt charts and production plans to balance deadlines and overproduction risk.

Skills: Supply Chain Analysis, Production Planning, Network Design, MILP Optimization, AIMMS, Excel Solver, Bottleneck Analysis, Scenario Planning, Risk Management

PROFILE

Recent Business Engineering graduate with a Master's degree in Supply Chain Management and International Finance from UCLouvain. Fluent in French and English, with basic Dutch skills. Experienced in financial auditing, data analysis, and ERP tools. Seeking a position as a Business Analyst, Financial Controller, or Supply Chain Analyst to leverage analytical and problem-solving skills.

PROFESSIONAL EXPERIENCE

Mazars – Mont-Saint-Guibert | Financial Audit Intern

Feb 2024 – May 2024

- Reformatted annual balance sheets using Excel and pivot tables into Mazars' template for standardized reporting.
- Performed reconciliations on VAT, suppliers, clients, and banking accounts.
- Applied materiality thresholds to identify significant discrepancies requiring deeper investigation.
- Prepared financial ratios and dashboards for senior auditors, including liquidity and solvency analysis.

AgiDrive – Louvain-la-Neuve | Cold Calling Specialist (Student Job)

2024 – 2025

- Conducted B2B cold calls to book meetings between prospects and client companies.
- Managed objections and negotiated with decision-makers.
- Achieved 'Employee of the Month' twice and coached junior students to improve performance.

Bever & Bever – Brussels & Charleroi | Bar Manager & Seller (Student Job)

2021 – 2025

- Supervised a team of 5–6 students and managed bar operations during high-volume events (e.g., Beyoncé, The Weeknd, Ed Sheeran).
- Managed stock levels, reduced waste, and optimized storage.
- Handled cash flow and ensured smooth operations during peak demand.

EDUCATION
