

Date:

**Ref: Automobile Engineering**

Dear sir/madam,

I am hereby applying for the post of automobile Engineering in your well esteemed company. I have completed my SC in the year 2010 and has even done my certification in mechanics.

This would give me an excellent insight into your company and would also be an outstanding opportunity for me to explore different methods of working and thus gain more working experience so as to broaden my horizons while enhancing my career profile. I want to prove my capabilities and showing my skills as well. Working under your assistance will give me experience.

I am enclosing my curriculum vitae in respect of the above vacancy which is of great interest and importance to me and I hope that my application will be favorably considered. I will be glad to attend an interview at any time convenient to you.

Many thanks  
Ramakrishna Ramsamy
