## EXPERIENCE

### **EBM Papst, Farmington — Assembler**

April 2022 - Current

Efficiently wired, assembled and handled commercial grade fan products while collaborating in a diverse team setting with people of varying backgrounds and skill sets.

### **Veteran Affairs, Newington — Housekeeping Aid**

October 2021 - February 2022

Thoroughly cleaned and sanitized critical patient waiting areas and infectious isolation rooms while utilizing PPE. My strong work ethics have been documented by urgent care staff members and observed by veteran patients.

### **Gems Sensors, Plainville — Assembler**

July 2021 - October 2021

Carefully assembled and shipped vital flow switch devices while regularly hitting target numbers.

### **IMI Precision Engineering, Farmington — Assembler**

October 2018 - December 2020

Effectively assembled and shipped over \$500,000 in new and vital diagnostic products during the height of the COVID-19 pandemic.

### **United States Navy — Landing Signalman**

October 2009 - October 2013

Flawlessly assembled and maintained components used on critical life jackets and aircraft equipment for over 400 service members.

## EDUCATION

### **Lincoln Technical Institute, New Britain — HVAC Program**

October 2016 - October 2017

Received the dean's honor roll award for my hard work and dedicated study in heating and air conditioning.
